

# HBAofENM - GENERAL INFORMATION

## Our Mission

Home Builders Association of Eastern New Mexico is an association of business professionals which strives to enhance the local building industry. We are a collective voice to be heard in the political arena, a voice in the environmental arena and most importantly, a voice in our community.

## Why We Do This

- Serving as the voice of our members by overseeing and participating in the establishment of regulations affecting the building industry
- Assisting in the accomplishment of the mutual objectives of the National Association of Home Builders and New Mexico Home Builders Association
- Providing industry information, services and education to our membership and the public
- Promoting a positive image of our industry and association
- Promoting home ownership by collaborating with all fields related to the building industry
- Supporting the growth and effectiveness of the membership and their local communities

## Membership Dues

### \$433.00 per year

\$ 198.00—National Association of Home Builders (NAHB)

\$ 145.00—NM Home Builders Association (NMHBA)

\$ 90.00—Home Builders Association of Eastern NM

\$ 20.00 voluntarily contribution to support the Political Action Committee (PAC) will make the annual dues \$453

## Where Do My Dues Dollars Go?

Let's first take a look at the \$198 that is sent to the **National Association of Home Builders (NAHB)**. When you join our local Association, you also join NAHB. That membership entitles you to everything from discounts on car rentals, hotels, and office supplies to mobile phones, shipping, computers and other services. One of the most significant services your dues support at the national level is representation on behalf of members at the nations Capitol. Promoting legislation that is favorable to homebuilders is something that must be done.

Next, is the \$145 that we forward to the **New Mexico Home Builders Association (NMHBA)** on your behalf. At the state level, your dues support representation in the legislature, as well as various offices within state government. NMHBA is continually monitoring proposed laws and regulations that will affect your business. From building codes, to land use, to environmental and energy codes, taxes, property rights and job site safety.

Finally, is the \$90 that stays here locally at the **Home Builders Association of Eastern New Mexico**. A professional staff is retained to implement Association policies and to carry out the work of the Association.

***Together the three Associations (local, state and national) form one of the nation's largest and strongest trade organizations, as befits an industry of such fundamental importance.***

## Why Home Builders?

- Because it is a good business practice. Being associated with professional builders and associates in the community adds credibility to your business.
- Because Home Builders of Eastern New Mexico is actively involved in community and charitable events in Clovis. HBAofENM donates money and time to community events, downtown revitalization and quality of life issues that affect our lives.
- Because Home Builders cares... Did you know that our organization was instrumental in assisting the Lighthouse Mission during the conception of the program? The Mission now serves hundreds of people daily in our community who are homeless, hungry and in need of counseling.
- Because Home Builders makes a difference. Your participation in the Political Action Fund supports our state organization and their lobbying efforts at the state and national level. Your dollars help influence choices that directly affect the building community.
- Because your voice counts. Each member is an important part of Home Builder's. Without your support and input, we are missing an important piece of creating a building environment in our community that is committed to best practices and excellence.
